14th October

Dear Prime Minister

On Monday during answers to your statement in Parliament, on measures to combat coronavirus, you said that a return to a virtual Parliament was a matter for the Speaker and the House Authorities. In fact, the Speaker has confirmed that this is a matter for the Government. Therefore, we are writing to ask that you now re-instate the full hybrid arrangements for remote participation in debates and voting in Parliament.

This system worked well up until June to enable the voices of millions of voters to be heard who have MPs who are self-isolating or shielding. As the coronavirus pandemic again gathers pace and the Government advises those who can work from home to do so, it is important that the Government enables Parliament to have inclusive democracy and safety at work.

We look forward to a swift response to this vital issue.

Yours sincerely

Geraint
