Dear Chief Executive,

Re: Rural bridge repair

I am writing on behalf of a number of constituents who have raised serious concerns over the length of time and no definitive timescales it has taken to repair bridges in rural Stirlingshire.

Concerns have been raised from both individuals and businesses who have been negatively affected by the length of time it has taken to get the repairs to this stage. Given that it is now approaching peak tourist season what is the Council doing to expedite these repairs?

If there is anything that I am able to do to progress these repairs in any way please let me know. Any additional information about this matter would be greatly appreciated.

I thank you for your attention to this matter and look forward to your response.

Kind regards

Alyn Smith MP
